Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Saturday 08 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Intermittent rain possible tonight. Pleasant sunny spells Sunday.

This Evening and Tonight:
Mainly cloudy with intermittent rain or showers, these mainly in the south. Winds easing to become mainly light, but still breezy over hills. Becoming chilly in the north where skies become clear, but less cold in the south. Minimum temperature 2 deg C (36 deg F).

Sunday:
Cloud and any intermittent rain will clear southwards through the morning. Then brighter for most, but with occasional showers following. Feeling pleasant in the sunnier east. Generally light winds. Maximum temperature 17 deg C (63 deg F).

Outlook for Monday to Wednesday:
Often sunny with scattered showers developing each day, these sometimes heavy and perhaps thundery. Mainly dry during the nights. Feeling pleasant in sunnier weather, but with chilly nights.
